

George Felton

(206)-409-4478 | gafelton@gmail.com | www.gfelton.com | <https://www.linkedin.com/in/george-a-felton/>

GOAL: Start working as a Front-End Web Development Intern. Available Now.

TECHNICAL EXPERIENCE

University of Washington – Coding Bootcamp	Seattle, WA
---	--------------------

Full Stack Web Development Student

June 2020-present

- 24-week part-time course covering HTML, CSS, JavaScript, Git, MERN Stack, RDBMS(s), Heroku, and more.
- Building new projects weekly! See examples below, and more at: <https://github.com/GAFelton>

USA Covid-19 Dashboard: <https://gafelton.github.io/project-1-covid-tracker/>

Tools: HTML, CSS, Zurb Foundation, JavaScript, jQuery, APIs

- Built initial wireframe and wrote the project proposal. Found and hooked up the clickable map for index. Used Foundation to build dashboard, implemented responsive and accessibility functionality.
- Managed the Kanban board and GitHub issues, wrote up Git workflow and taught teammates how to use branching/pull requests.

Weather Dashboard: <https://gafelton.github.io/weather-dashboard-6/>

Tools: HTML, CSS, Twitter Bootstrap, JavaScript, jQuery, API

- Solo project demonstrating use of jQuery, API (OpenWeatherAPI), and dynamically generated elements.

Code Quiz: <https://gafelton.github.io/homework-code-quiz-4/>

Tools: HTML, CSS, JavaScript

- Solo project demonstrating vanilla CSS and JavaScript, uses localStorage.

RECENT WORK EXPERIENCE

(For full Professional History, please see LinkedIn profile)

Lonely Produce	Seattle, WA
-----------------------	--------------------

Co-Founder

June 2018-March 2019

- Co-Founded Lonely Produce, an e-commerce platform for local farmers to sell their excess goods. Read more at: <https://www.geekwire.com/2019/lonely-produce/>
- Generated \$2,700 in revenue over 8 weeks of sales, from 2 farmer's markets per week. Formed partnerships with 6 farmers, managed Shopify inventory, and delivered produce around Seattle.
- Ran social media/mailling list promotions. Sent 4 emails per week with a conversion rate of 8.1%.
- Conducted user interviews with 10 farmers. Performed extensive strategy research and analysis.
- Guided a UX team of 3 from General Assembly in designing our marketplace web-app. Collaborated from conception through wire-framing to a clickable prototype.

EDUCATION

University of Washington – Michael G. Foster School of Business	Seattle, WA
--	--------------------

Master of Science in Entrepreneurship, Honors, GPA 3.74

June 2017-June 2018

Whitman College	Walla Walla, WA
------------------------	------------------------

Bachelor of Arts in Classics, GPA 3.41

2011-2015

ADDITIONAL INFORMATION

- Board president of the Seattle South African Scholarship Foundation (SSASF), which provides university scholarships to worthy students from the Hector Peterson School in Cape Town, South Africa.
- Interests: Solo backpacking (7 months in South America in 2016, 5 months in Europe and Africa in 2019), learning languages (conversational Spanish, elementary Swahili, basic Greek), archaeology (returning volunteer at Halmyris excavation), and homebrewing.
- Self-taught SQL and Tableau. Earned Kellogg School of Management Product Strategy online certificate.
